MMR "In Process" Student Approval Form

J#: _____ Student Name: _____ Date: ___/___/___

Immunization requirements information:

- College immunization requirements were adopted by all U.S. states after past disease outbreaks occurred among college students, with some outbreaks resulting in student deaths;
- New York State (NYS) Public Health Law requires college students to demonstrate immunity against measles, mumps & rubella (MMR) within 30 days from the start of classes;
- In addition to demonstrating MMR immunity, NYS regulations also require students to read information about meningitis and make an informed decision about being immunized against meningitis.

Students not in compliance with immunization requirements within 30 days are required to be withdrawn from classes, unless the student can demonstrate that they are actively "In Process" to become fully immune to measles, mumps and rubella. The Health & Wellness Center must approve students to be "In Process".

Students accepted as "In Process" must have an individual completion date approved by the Health office. Students must provide records to the Health Office within 2 business days of their approved completion date or will be withdrawn from classes. Any date extensions must be approved by the Health & Wellness Center.

Student has demonstrated one of the following:

___ Recent MMR, with appointment for repeat MMR vaccination on or after 28 days following the recent MMR vaccination:

MMR #1 date: ___/___/___ - Second MMR appointment date: ___/___/___

Appointment is scheduled at: _____

Or

___ Lab draw for MMR titer results:

MMR Titer drawn on: ___/___/___

Or

Appointment* for MMR immunization/serological testing date: ___/___/___

*Note: A future appointment is not acceptable beyond 40 days from the start of class.

Titer results due 14 days after blood draw – date results due*: ___/___/___

*Note: Any delay in obtaining results must be communicated to the Health & Wellness Center at 315-786-2376.

MMR Titer drawn at: _____

Student acknowledges that proof must be provided to the Health & Wellness Center within 2 business days of the MMR or Titer Results due date shown above, or student will be withdrawn from classes.

Student signature: _____ Date: ___/___/___
