

## REGISTRATION PRIOR TO TRANSFER CREDIT OR PRIOR LEARNING EVALUATION

Students are required to read the cautionary note below and acknowledge that they understand and accept the risks associated with registering for classes prior to the official evaluation of transfer credits.

*As a student, I understand that I must read and acknowledge the cautionary note regarding registration before my transfer credits are officially evaluated. I understand that Jefferson Community College (JCC) requires official college transcripts to complete an official transfer credit evaluation, and that it is my responsibility to make sure JCC receives official transcripts from all colleges I have previously attended.*

*I understand that if I register for classes before my transfer credits are officially evaluated, I may enroll in courses that do not apply to my degree requirements or that duplicate credits I have already earned. I also understand that this may affect my tuition charges and financial aid eligibility. By proceeding, I acknowledge that I understand and accept these risks.*
