

TRANSFER ARTICULATION AGREEMENT
between
JEFFERSON COMMUNITY COLLEGE
and
SUNY POTSDAM

The purpose of this agreement is to facilitate the transfer of students from the Health Care Management A.S. degree at Jefferson Community College (JCC) to the Community Health B.S. degree at SUNY Potsdam. Students transferring with an associate degree will enter Potsdam as juniors and, assuming normal academic progress, have the opportunity to complete the B.S. degree in two additional years of full-time enrollment.

Admission

- JCC students should apply to SUNY Potsdam the semester prior to their intended transfer date. Applying early in that semester is encouraged.
- The application is available online at www.suny.edu/applysuny - SUNY waives the application fee for students transferring with an associate degree from JCC.
- An official transcript is required from every college attended.
- An official high school transcript or copy of the GED/TASC is also required to be on file for federal financial aid purposes.
- SUNY Potsdam guarantees admission to students transferring with the A.S. degree.
- Transfer scholarships are available to transfer students with a 3.0 or higher GPA and are renewable for one year if SUNY Potsdam GPA is 2.5 or higher.
- The parties will encourage all students, regardless of background, to pursue enrollment in the A.S./B.S. or program.

Transfer of Courses

- All college-level non-major courses with a D (1.0) or higher will transfer; all major requirement courses with a C (2.0) or higher will transfer and count toward the major.
- There is no maximum number of transfer credits, but a minimum of 30 credits, including 15 upper-division credits in the major, must be completed with SUNY Potsdam coursework. Students transferring credits in excess of those required by the A.S. degree at JCC may complete more than 120 total credits in pursuit of the B.S. degree.
- JCC students transferring upon completion of the A.S. degree have satisfied SUNY General Education requirements.
- An official evaluation of transfer credit is provided at the time of acceptance.

Transfer Services

- New transfer students are required to attend a new student orientation.
- New transfer students receive individual advising with specially trained advisors.

Authorizations

This agreement commences upon the date of its signing and shall remain in effect until terminated by either college. The major information will be reviewed on a periodic basis and updated as curricular changes are made at both colleges. Both colleges will notify each other when such changes are made.

Transfer Course Equivalency Table

Form 2F

Version-2014-11-17

The State University views as one of its highest priorities the facilitation of transfer.

- For a **proposed Associate in Arts (A.A.) or an Associate in Science (A.S.) degree**, demonstrate that the program's graduates will be able to transfer into at least two parallel SUNY baccalaureate programs and complete them within two additional years of full-time study, per SUNY policy, by listing the transfer institutions below and **appending** at the end of this document:
 - two completed SUNY Transfer Course Equivalency Tables, one for each transfer institution; and
 - a letter from the Chief Academic Officer of each transfer institution asserting acceptance of the completed Transfer Course Equivalency Table.

Program proposals must include two articulation agreements with parallel programs. Every effort should be made to obtain two SUNY articulation agreements for this requirement. In the event that such articulations are not possible, campuses are encouraged to work with their campus reviewer to find appropriate alternatives.

- For a **proposed baccalaureate program**, document that a SUNY transfer student with associate's degree in a parallel program will be able complete the proposed program within two additional years of full-time study, per SUNY policy, by **appending** documentation to the program proposal. Documentation may consist of completed SUNY Transfer Course Equivalency Tables and/or a letter from the Chief Academic Officer of each associate degree institution confirming seamless articulation for its graduates of parallel programs. **If transfer does not apply to this program, please explain why in the Program Proposal form.**

KEY for the Transfer Course Equivalency Table

Each associate degree course should appear on the same row as the baccalaureate program course with which it is deemed to be equivalent.

Course # — Indicate the departmental identifier and course number (e.g. PHI 101).

Course Title — Indicate the title of the course (e.g., Introduction to Philosophy).

SUNY GER – Check (X) if the course will count toward the SUNY General Education Requirement.

SUNY Transfer Path – Check (X) if the course will count as a SUNY Transfer Path course.

Credits and Equivalency — Indicate the number of credit hours granted for completing that course as well as the number accepted by the baccalaureate institution. For the baccalaureate institution, also enter **None** if the credits will not count toward graduation.

SUNY TRANSFER COURSE EQUIVALENCY TABLE
