Articulation Agreement

Colleges:	**JEFFERSON COMMUNITY COLLEGE** Watertown, NY	and	**ALFRED STATE COLLEGE** Alfred, NY
Programs:	Associate in Science (A.S.) Computer Info. Systems	and	Bachelor of Technology (B.Tech.) Information Technology: Net. Admin.

PURPOSE

This document establishes a transfer articulation agreement between Alfred State College (ASC) located in Alfred, NY, and Jefferson Community College (JCC), located in Watertown, NY. Its purpose is to afford JCC students the opportunity to pre-plan their college careers and to facilitate the transfer process for graduates of JCC's Associate of Science (A.S.) in Computer Information Systems, to the Bachelor of Technology (B.Tech.) Information Technology: Network Administration at ASC.

ELIGIBILITY FOR ADMISSION AND STANDING

JCC students who have graduated with an A.S. degree in Computer Information Systems, have fulfilled at least five of the ten SUNY General Education categories, have achieved a minimum cumulative grade point average of 2.0, and have access to a computer (laptop or otherwise) that meets ASC's baseline requirements (see http://www.alfredstate.edu/academics/programs/laptop-required-curriculums) are guaranteed the opportunity to apply for admission into the B.Tech. Information Technology: Network Administration degree program at Alfred State with full junior status. Students who do not meet all the above criteria will be evaluated for acceptance on a case-by-case basis.

Should ASC develop and implement an online academic orientation process as a requirement for matriculation to the Information Technology: Network Administration B.Tech. program, JCC students will be held to that requirement.

GENERAL GUARANTEE OF OPPORTUNITY TO GRADUATE

For fall admits, students who graduate from JCC and who have met all specified acceptance criteria, are guaranteed the opportunity to earn the B.Tech. in Information Technology: Network Administration, within five additional semesters of normal coursework through ASC.

TRANSFER AND GRADUATION INFORMATION

ASC accepts transfer credit only, not course grades. Grades must be "C" or better for the credits to transfer.

Students who earn an A.S. degree in Computer Information Systems from Jefferson Community College will automatically receive 50 transfer credit hours from Alfred State College toward the requirements for the B.Tech. Information Technology: Network Administration degree. Appendix A lists requirements for ASC's bachelor's degree in Information Technology: Network Administration, and lists coursework that can be transferred from Jefferson Community College.

Graduation requirements to receive the B.Tech. Information Technology: Network Administration include:

- Successful completion of all courses prescribed in the program
- A minimum of 45 total upper division credit hours
- 30 credits of liberal arts and sciences
- 2.0 overall cumulative grade point average
- Completion of 7 of the 10 SUNY General Education categories and a minimum of 30 total general education credits

PROMOTION OF AGREEMENT

Both parties have the right to use this agreement and the names of Jefferson Community College and Alfred State College in all promotional activities including college catalogs and recruitment or advisement activities.

PROVISIONS FOR CHANGES IN POLICIES OR CURRICULA

Proposed changes in policies or curricula by either party should be communicated in writing to the other party.

PROVISION FOR CANCELLATION

Either party may independently cancel this agreement by notifying the other party in writing no less than one year before the intended date of cancellation. The agreement will be in effect for five years after the signing date.

SIGNATURES

Approved as written,

Jefferson Community College

Dr. Daniel Dupee II, President

Date: 3/19/25

~~Paul Keller~~ DONNA MARIE STEVENS

~~Assistant~~ Associate Vice President of Academic Affairs

Date: 3-19-2025

Jack Donato, Professor Computer Science

Date: 3/18/25
