Student Participation and Acknowledgment Disclaimer

I, the undersigned student, and I, the undersigned parent/guardian, acknowledge and agree to the following conditions regarding the student's enrollment and participation in a college-level course:

1. Nature of Course Content

We understand and acknowledge that college courses are designed for adult learners (age 18 and older) and may include:

- Discussion topics, readings, assignments, and materials that are of an adult nature;
- Content that may not be considered age-appropriate for minors; and
- Course dialogue that reflects diverse perspectives and mature subject matter.

We consent to the student's participation in all course content, discussions, and related academic activities, regardless of subject matter.

2. Mixed-Age Classroom Environment

We understand and agree that the student will be enrolled in a class with other students who are 18 years of age or older. We accept that the student will be expected to engage in the course at the same academic level and under the same expectations as all other enrolled students.

3. Student Independence and Campus Presence

We acknowledge and agree that:

- The college does not assume responsibility for the student's transportation, including drop-off and pick-up;
- The college is not responsible for monitoring the student's movement, whereabouts, or behavior while on campus; and
- The student is expected to navigate campus independently, consistent with college-level expectations.
- Students utilizing on campus resources, such as the campus library, or attending any events are required to carry their Student ID card at all times.

4. Parent/Guardian Participation

We understand and agree that:

- Parents/guardians are not permitted to attend or participate in the course with the student; nor may they complete coursework, assignments, assessments, or other academic work on the student's behalf. Students are expected to complete all course requirements independently.

- Course attendance, instruction, and academic engagement are reserved solely for enrolled students and authorized college personnel.

5. Voluntary Participation

We acknowledge that the student's enrollment in this course is voluntary. By signing below, we confirm that we have read, understood, and agree to all terms outlined in this disclaimer.

Registration Procedure for Students Under Age 16

Students who are under the age of 16 are not permitted to register for a college course prior to the first day of the course. All required application materials must be completed and submitted in advance of consideration for enrollment. This includes, but is not limited to, successfully passing any required Ability to Benefit (ATB) assessment or other prerequisite evaluation.

Course seats will be reserved for students who are 16 years of age or older until the first day of the course. On the first day of the course, if seats remain available, students under the age of 16 who have completed all application requirements may then be registered and admitted into the course. Eligible students will be notified of their admission status via email.

Students under the age of 16 who are admitted into a course are restricted to enrolling in **fully online classes only**, and only in those courses approved and specifically designated by departmental leadership as eligible for underage enrollment. No in-person, hybrid, or otherwise on-campus course participation is permitted unless explicitly authorized by departmental leadership.

If a student who has completed the application process determines they are no longer interested in attending the course, they must formally notify the Enrollment Services Office in writing to withdraw their application prior to attending the course. Failure to provide such notification will result in the student and/or responsible party incurring financial responsibility in accordance with the campus refund and billing policy.
