

August 18, 2026

Dear Teachers;

It is our pleasure to invite your students to participate in the 19th Jefferson Community College (JCC) High School Spaghetti Bridge Building Competition to be held

Thursday, November 12th from 9:30am - 1:15pm.

It is our goal to provide opportunities to increase awareness and encourage students to consider entering the field of engineering. This friendly competition will allow your students the opportunity to come visit campus, meet current engineering students, and challenge themselves.

Trophies and cash prizes are awarded to the top three high school teams: \$100 for First, \$50 for Second, and \$25 for Third. High schools from Jefferson, Lewis, St. Lawrence, and Oswego County are welcome to participate. Additionally, one middle school team from each participating school district is welcome to attend and compete in their own category. The first-place middle school team will receive \$25.

The registration deadline is October 15th. All registrations will be handled online. Teams are limited to the first 20 that register. To register go to the [JCC Spaghetti Bridge Website](#) check out the website for tips and advice for success. Please contact Kerry Kennett, JCC Engineering Instructor (kkennett@sunyjefferson.edu) with questions.

You play a very significant role in encouraging students to participate in new challenges; and we sincerely hope that your school plans to send some teams to join us! We look forward to working with you and seeing you in early November!

Sincerely,

Kerry E. Kennett
SUNY Jefferson Engineering

JCC Spaghetti Bridge Competition

Thursday November 12, 2026
