Student Employment Program

Jefferson Community College’s student worker program includes Student Aid and Federal Work Study. The difference between the two programs is the source of the funds: Federal Work Study Program funds are provided by the federal government, and Student Aid funds are provided by the college budget. Guidelines differ between the two programs.

Work On Campus-Detailed Hiring Process

Students search for their own job, they are not assigned to specific positions. This gives each student the flexibility to find the type of position that best fits their interests, experience and class schedule each semester. It is the student's responsibility to initiate the job search however Student Employment Services is happy to help any students with this process. Students can stop into the office E-107 in the Extended Learning Center or complete the [Student Employment Interest Form](#) if they have questions.

Online Job Listings Through Handshake

Students are encouraged to start their job search by reviewing the online job listings, which are available through [Handshake](#) through the college's website. Positions are posted online to help supervisors reach a broader audience of qualified applicants and provide students with equal access to jobs. The major hiring period is at the beginning of the fall semester. Some students also change or begin jobs at the start of the spring semester and summer term.
