

Watertown Area Urgent Care Facilities

If you have a life-threatening emergency, call 911.

Annual deductibles and co-payments are higher when visiting a non-participating provider.

Students with out-of-area Medicaid or other insurance plans may wish to apply for a local plan. Visit www.sunyjefferson.edu/insurance for local health insurance information.

When visiting a health care provider, ask if they participate with your health insurance plan. Participating providers have accepted a fixed rate from your insurance company. Any amount you might need to pay for services is likely to be significantly less when you visit a participating provider. The ability to bill your health insurance does not mean that the provider 'participates'.

The list above is provided as a courtesy for student reference only, and JCC cannot provide specific recommendations. Students should check for participation with student's insurance plan, as students are responsible for costs of off campus care. Other care centers may be available which are not listed
